Introduction

On the wall in every room in our beloved Tolleston High School, there hangs a clock. Its hands have slowly ticked away the minutes of four years of high school life for one hundred twenty-six graduating seniors. These years, however, have been full ones; filled to the brim with studies, R.O.T.C., athletics, clubs, cokes at the Dari, dates, and dances.

How often in the past four years have the seniors looked at the clock and watched its hands move toward four o'clock when after-school activities began!

Now it is really "four o'clock" for our seniors, and the long awaited time has come for them to leave high school for good.

At this time, many of them wish the hands on the clock could be turned back so they could be freshmen again. Although this cannot be done in reality; in memory, through the camera's eye and an album, it is possible to relive those four years of high school life.

Turning back the clock to the beginning of the school year on a Tuesday morning in September, we hear the ringing of the 8:40 bell heralding the beginning of the new school year.

The vacation-silenced halls re-echo the familiar sounds and voices for a few short minutes, and then all settles down to the familiar pattern of school.

These loyal helpers, like the second hand of a clock, move silently and unobtrusively to make possible our school needs and wants.

OUR PRINCIPAL AND HIS OFFICE STAFF

For thirteen years Mr. James W. Standley has been the principal of Tolleston High School. He has watched and guided twelve graduating classes. Like the other classes, this graduating class of 1946 leaves Tolleston with happy hearts and gratefulness to have had such a kind and sympathetic leader.

Like the mechanism of a clock, this small crew of workers keeps the many details of school life running smoothly and efficiently.

A candid shot of the Student Council reveals the members hard at work. The members of the Student Council are representatives from the freshmen, sophomore, junior, and senior classes. Two of the three members from each class are elected by their respective classes. The third member is chosen by the class sponsors.

Before a student sponsored activity can be given, the student organization must obtain the permission of the Student Council. The Council also conducts the annual class and club elections, which are held in the spring. For some time now the Council has felt the need for more school activities sponsored by all the school organizations and the faculty.

During the past year, the main project of the Student Council was maintaining and keeping up to date the Servicemen's Honor Roll, a plaque which contains the names of Tolleston students who are serving, or have served, in the armed forces.

The Tolleston Concert Band found the year 1946 one of great success. With concentration on perfection in marching at parades and football games, they won the compliments of a noted band director. For the band, the highlight of the year was the annual spring concert held in the Memorial Auditorium on April 5. The wide variety of selections was enjoyed by a capacity audience. Another major event occurred when the band, under Mr. Schroeder's able direction, gave two concerts in DeKalb, Illinois.

This year some of the members of the band went to Valparaiso, where they participated in a state-wide contest, entering into the ensemble and solo groups.

SODALITAS LATINA

The year 1946 was a socially active year for the Latin Club. The able planning of second year students and Miss Wehr made their initiation and Christmas party very successful.

FIRST AND SECOND YEAR LATIN CLASSES

For the first time in several years, the Latin Club was able to spend a few days at the Shades Park in southern Indiana. The eighteen members from the first and second year groups spent a very enjoyable week-end in dancing, hiking, horseback, and bicycle riding.

The Latin Club social committee made exciting preparations for the trip to the Shades near Turkey Run, Indiana, on April 6.

For the enjoyment of the Spanish Club the second year group planned such activities as the initiation - Halloween party. Christmas party, outings at the Dunes State Park, and a day at Mrs. Wendt's cottage at Flint Lake, Michigan.

FIRST AND SECOND YEAR SPANISH CLASSES

The highlight of the year for the first year Spanish group was their initiation into the club. Each first year student had to go through the school day dressed in bath towel, T-shirt, bobbysox, bright sash, and gym shoes.

T. A. G's

Under the auspices of the Y.W.C.A. both the T. A. G.'s, senior group, and the Otyokwa's, junior group, have flourished at Tolleston for several years.

OTYOKWA'S

Through the guidance of the Y.W.C.A. the girls had lectures, dances, hikes, and parties, which have brought them into contact with Girl Reserve organizations throughout the city.

At the beginning of the year a group of junior-senior girls felt a need for a girls' club where they could discuss problems common to all girls. The Girls' Club was therefore duly organized.

One of the major events of the year in which the Girls' Club has participated was the Girls' Conference. The girls have also had dances, parties, and lectures by professional people on manners, fashions, glamour, and hygiene.

The hands of the clock have moved in an amazingly short time and show us that our freshmen are once more seniors and ready to face the future.

The future, unlike the past, is still to be lived. Some of our seniors will enter the business world; others will pursue professions, and still others will make marriage a career. Whatever the choice may be, we extend our hands and wish all kinds of success to these, our seniors.

If, perhaps, in that unknown future, you think of us at Tolleston, open again this book and let us take you back through memory with a camera and an album to freshmen days and a Tuesday morning in September, when we hear the ringing of the —
